9 December, 2002

To Whom It May Concern:

Santa Monica Community College District station KCRU, Oxnard has been operating at reduced power since Monday, December 2, 2002 due to a failure with it's transmission system. The station is transmitting at 150 watts TPO which is approximately 50% of it's normal operating power.

We expect this condition to continue beyond December 12 but fully expect to restore the station to full power prior to January 2nd, 2003.

Sincerely yours,

A handwritten signature in black ink, appearing to read 'S. Herbert', written over a horizontal line.

Steven Herbert, Chief Operator
KCRU/SMCCD
